REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Andrew Jackson Middle School had some noteworthy growth last year. We continue to seek to provide students and staff with the best possible resources and opportunities that produce universal progress and utilize a united vision of success for all students. This past year, the staff invested many hours evaluating assessment and instruction with respect to student data and academic results. As we worked through the data, we made use of reflection and re-teaching practices, as appropriate, in line with professional learning communities that focus on global and individual goals for students. We have seen continued growth in our assessment results. However, there are still areas of instruction that we are not moving as much as desired. The challenge lies in moving each grade level cohort and simultaneously moving each grade level independent of student population. Our efforts to improve in all areas reveal that our focus for future planning and curriculum implementation are far from complete. As frustrating as it has been to reach beyond past performance levels and still fall short in some cases, AJMS is committed to continuous, progressive, and analytical forward thinking efforts to improve. It has also been a great year of collaboration between core academic and fine arts teachers. Our Medieval Nights, Spring Film festival, and all of the performing arts productions drew the community together during one of the most fiscally trying years ever. Once again we witnessed the importance of community and culture as foundational aspects of our daily operations. AJMS is and will always be a positive constant for our families. Butch Dutton, Principal; Tracie Scott, SIC Chair
